

## Participant Consent

Would you like to be involved in a classroom research project at the University of Oklahoma?

I am Gillian, a student from the Political Science Department and I invite you to participate in my classroom research project entitled Measuring Attitudes of Interracial and Interethnic Marriage. This research is being conducted as a classroom project in PSC 3020 Polling. Participating in this research would lead to understanding about why attitudes surrounding interracial marriage have changed over time. Additionally, your participation would help me to better understand the survey research process. You were selected as a possible participant because you are an adult 18 years or older living in the United States. You must be at least 18 years of age to participate in this study.

Please read this document and contact me to ask any questions that you may have BEFORE agreeing to take part in my research. What is the purpose of this classroom research project? The purpose of this project is to best understand attitudes about interracial and interethnic marriages in the United States.

How many participants will be in this project? About 500 people will take part in this project.

What will I be asked to do? If you agree to be in this research, you will take an online survey that will last about 10 minutes.

How long will this take? Your participation will take no more than 10 minutes.

What are the risks and/or benefits if I participate? There are no risks and no benefits from being in this research.

Will I be compensated for participating? You will not be reimbursed for your time and participation in this research.

Who will see my information? In reports presented in class or within the university, there will be no information included that will make it possible to identify you. The results of this study will not be published or presented outside of the university. Research records will be stored securely and only approved researchers will have access to the records. The instructor of our course may inspect and/or copy your research records for quality assurance and data analysis.

Do I have to participate? No. If you do not participate, you will not be penalized or lose benefits or services unrelated to the research. If you decide to participate, you don't have to answer any question and can stop participating at any time.

Who do I contact with questions, concerns or complaints? If you have questions, concerns or complaints about the research or have experienced a research-related injury, contact me at gilliansauer@ou.edu.

If you have any questions about your rights as a research participant, concerns, or complaints about the research and wish to talk to someone other than individuals on the research team or if you cannot reach the research team, you may contact the instructor of the course that is sponsoring this project Dr. Amy Goodin, amysgoodin@ou.edu, and 405-325-9203. Additionally questions can be directed to the IRB, irb@ouhsc.edu and 405-271-2045.
